

## VEHICLE ASSESSMENT SIGNATORY SCHEME

The Vehicle Assessment Signatory Scheme (VASS) is a scheme for the certification of modified, imported, and individually constructed vehicles in Victoria. VASS Signatories are able to issue an *Approval Certificate* for registration purposes in Victoria.

To obtain an *Approval Certificate* you will need to engage the services of a VASS Signatory authorised to certify the class of modification or vehicle for which you need the certificate.

A VASS Signatory who provides an *Approval Certificate* must:

- Personally inspect the vehicle;
- Ensure all work, including any modifications, are correctly carried out; and,
- Certify that the vehicle complies with the applicable Standards.

The VicRoads Copy of the *Approval Certificate* must be presented, together with the vehicle, at a VicRoads Registration and Licensing Office for registration, or to have its description changed. If the vehicle is to be registered, the usual supporting documentation will also need to be supplied. Refer to VicRoads Website, Registration requirements.

### Note:

- ❖ **VicRoads cannot accept an *Approval Certificate* more than 30 days after the date of issue. However, this time period can be extended for modified Heavy Vehicles, provided the vehicle has not travelled more than 1000 km after the certificate is issued.**
- ❖ **VASS Signatory is only approved by VicRoads to issue an *Approval Certificate* in vehicle categories within their expertise. Codes listed against the signatory's name indicate that the signatory can issue *Approval Certificates* in the vehicle categories listed below:**

**LV - Light Vehicles    HV - Heavy Vehicles    MC – Motorcycles**

**Please ensure that you only contact a VASS Signatory who operates in the vehicle category of your enquiry.**

## LIST OF SIGNATORIES BY LOCATION

**Clients are strongly advised to contact Signatories by telephone or email before attending at the addresses shown below.**

Issued 30 June 2010

N.B.: Codes listed against the signatory's name indicate that the signatory can issue Approval Certificates in the vehicle categories listed below:

**LV - Light Vehicles with GVM up to 4.5 tonnes**

**HV - Heavy Vehicles with GVM over 4.5 tonnes**

**MC - Motorcycles**
